FUND COMMENTARY (As at March 31, 2018)

For the period December 31, 2017 to March 31, 2018, the Fund's Series F had a return of 0.2% while the Fund's broad-based benchmark, the MSCI World Total Return Index rose 1.6%.

EnTrustPermal Special Opportunities Fund IV Ltd. (EPSO4) completed its first closing as of March 27, 2018 having received approximately US\$884 million in total commitments. The Fund committed US\$8.3 million to EPSO4.

EPSO4 issued the first capital call of circa 6% of its funds due by March 27, 2018 and subsequently issued its second capital call for funds by April 13, 2018. Therefore, currently EPSO4 has called US\$1.083 million equating to 13% of the US\$8.3 million committed, which as at March 31st was about 23% of the Fund.

RECENT DEVELOPMENTS AND OUTLOOK

EnTrustPermal is planning a second closing of EPSO4, perhaps by the end of June. Prior to a second closing of EPSO4, the Fund will look to increase its commitment in EPSO4, depending on the levels of new subscriptions received and expected over the next 12 – 18 months.

Potential Risks

The Manager believes the following risks are key to the performance of the Fund: consequences of failure to satisfy capital calls, interest rate changes, credit risk, currency risk, market risk, liquidity risk and event driven risks. This activist investment strategy may require, among other things: (i) that the EnTrust Manager properly identify portfolio companies whose securities prices can be improved through corporate and/or strategic action; (ii) that EPSO4 or subsequent investment acquire sufficient securities of such portfolio companies at a sufficiently attractive price; (iii) that EPSO4 or subsequent investment avoid triggering anti-takeover and regulatory obstacles while aggregating its position; (iv) that management of portfolio companies and other security holders respond positively to the EnTrust Manager's proposals; and (v) that the market price of a portfolio company's securities increases in response to any actions taken by portfolio companies. There can be no assurance that any of the foregoing will succeed. Please read the "Risk Factors" sections in the Offering Memorandum for a more detailed description of all the relevant risks.
