

### Greg Dimmer

#### Senior Vice President, Private Credit

---

Greg Dimmer brings over 20 years of experience in private lending and financing, with a focus on originating and underwriting private loans across multiple sectors, including those navigating North American market trends. As a founder of Private Debt Partners (PDP), Greg developed a strategy to provide alternative financing to Canada's small and medium enterprise (SME) sector, raising capital from institutional and high-net-worth investors and managing disciplined underwriting and capital deployment.

From 2011 to 2020, as Managing Director at Integrated Asset Management Corp. (TSX:IAM), Greg deployed close to \$1 billion in institutional capital, contributing to a multiple increase in IAM's market capitalization and its acquisition by Fiera Capital Corporation in 2019. His experience spans technology, consumer goods, construction, manufacturing, utilities, and alternative energy, including financings for energy projects in northern Quebec and British Columbia. Greg's relationships with CEOs, CFOs, and advisors have made him a trusted partner in capital formation and growth strategies.
